

# Animal Health Certificate Application Form

---

An animal health certificate is needed to travel with your pet from the UK to Europe and Northern Ireland. Your pet must have been vaccinated against Rabies a minimum of 21 days before travel.

To enable us to complete your certificate efficiently, please supply all of the information requested on this form.

Once completed, please send the form and copies of the requested documents

by email to: [office@fhvets.co.uk](mailto:office@fhvets.co.uk)

or paper copies to: Forest House Veterinary Surgery, 29 York Place, Knaresborough, HG5 0AD

After we have reviewed your application, we will contact you to arrange an appointment for the Animal Health Certificate to be issued.

Copies of documents or certificates are required. These will be specified as you complete the form. Please send scans or photographs with this application and bring the original documents when you visit the surgery for your appointment.

Date of birth	<input type="text"/>		
Sex	<input type="text"/>		

## Have the microchips been checked recently?

It is important to be sure that the microchips are working and are readable before traveling.

If the microchips cannot be read, a new microchip will be needed followed by a new rabies vaccination and a delay of 21 days before traveling.

If you would like us to arrange an early, free appointment with our nurses to check the microchips, please tick this box:

## SECTION 4: RABIES VACCINATION CERTIFICATES

For each animal, a Rabies vaccination certificate is required.

The certificate must show **ALL** of the following information:

1. The microchip number of the animal
2. The date of reading or implantation of the microchip (*IMPORTANT: this date must be on or before the date of vaccination*)
3. The date of Rabies vaccination
4. The name of the Rabies vaccine
5. The name of the manufacturer of the Rabies vaccine
6. The batch number of the rabies vaccine
7. The name address and telephone number of the vet that gave the vaccination
8. The signature of the vet that gave the vaccination

If you have an existing old blue pet passport, all of the information required is in that passport and this is valid as a Rabies vaccination certificate. Please include copies of the pages showing the identification of the animal, the details of the vet that issued the passport and the details of the rabies vaccinations.

If you do not have an existing old blue pet passport, you must obtain a vaccination certificate with ALL of the above information from the vet who gave the vaccination.

If the Rabies vaccination was given by Forest House Veterinary Surgery, we will be able to provide the certificate. If it was given by another veterinary practice, you **MUST** obtain the certificate from that other practice.

**I HAVE ATTACHED COPIES OF THE VACCINATION CERTIFICATE SHOWING ALL OF THE REQUIRED INFORMATION**
